MEMORANDUM FOR: Colonel George J. Mercurio
Chairman, SECOM Compartmentation Subcommittee

FROM: Marshall G. Westover

SUBJECT: DCID 1/20

In response to SECOM-D-225 dated 28 June 1982 the following information is provided:

It is the Department of Energy policy to conduct a defensive security briefing to all DOE and laboratory personnel before performing foreign travel who possess an SCI clearance. All travel requests are screened by the office of International Security Affairs to verify travelers level of clearance. All personnel who possess an SCI clearance are briefed on foreign travel restrictions and DCID 1/20.

To date we have not encountered any problems with foreign travel.
